

Veterans in America

Who We Are

Veterans in America is a non-profit organization founded by a disabled veteran, for ALL veterans.

What We Do

Veterans in America was established to provide employment for veterans in schools, public facilities, public events, or wherever a presence of therapy and healing are needed.

We Need Your Support

Veterans in America is funded through donations from businesses, corporations, events and private contributions. For more information, please contact us.

A bond that is never broken...

Veterans in America was established to provide employment for veterans in schools, public facilities, public events, or wherever a presence of therapy and healing are needed. Veterans will be accompanied by a therapy-trained dog; together this team will be deployed in various capacities to spread healing, wellness and peace.

Veterans in America is committed to unlocking the potential of our veterans, by becoming the premier employer of veteran/ dog teams for the purpose of therapy and healing. This will benefit both businesses and corporations, the public and veterans themselves.
